

Ontario Update #ONUP16

At the ONUP 2016, hear from health system leaders who will share their perspectives for transformation in Ontario that embraces integrated health system delivery, and the integral role of analytics. Health system leaders and other leading experts will share best practices, emerging developments and innovative examples of how analytics are being harnessed as a catalyst for change. Hear from a broad range of industry leaders, including the Ministry, Provincial Agencies and Associations, CEOs, CIOs and innovative private sector companies.
